Answer the Alarm!

Norway People Should Not Delay

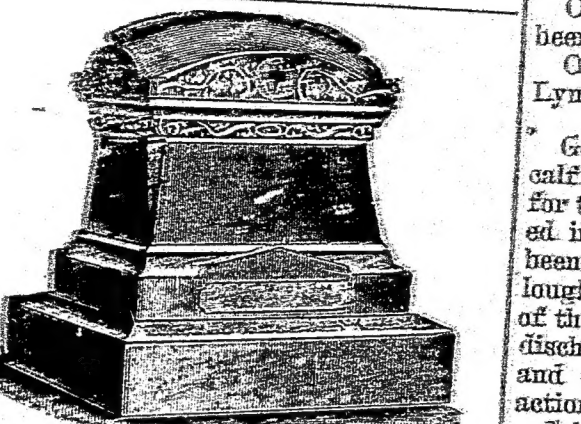

If your kidneys are infirmed, Don't stand around and do nothing. Like a fire it will soon be beyond control.

You will get the alarm in time—Backache, or dizziness or disorders of the urine.

Read the warning. Give your kidneys a rest by living more carefully.

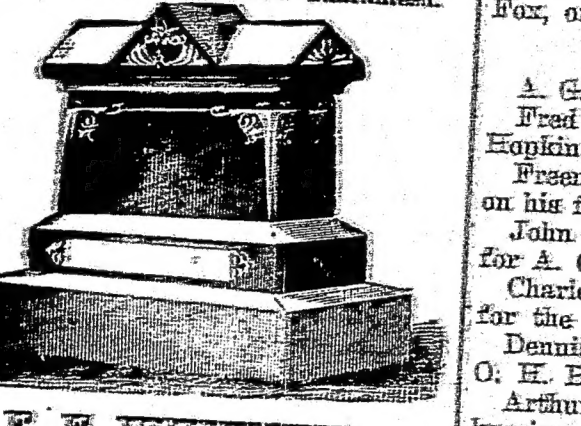

Use Doan's Kidney Pills to help stamp out the cause.

Profit by Norway woman's experience. Mrs. Mary Gammon, 14 Beal St., says: "I have kept Doan's Kidney Pills on hand for years, in fact, ever since I first took them nearly ten years ago. The symptoms I noticed at that time indicated kidney complaint. There was a dull, heavy ache across the small of back and often attacks of dizziness came over me. Doan's Kidney Pills, which I got from Frank Kimball's Drug Store, proved fine in relieving me of these troubles. I take Doan's off and on now and couldn't wish for anything better to keep my kidneys in good condition. Price five, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Gammon had. Foster-Milburn Co., Mfgs., Buffalo, N. Y."

IN MEMORIAM

(Written by G. D. Harbick of Norway in memory of his son, Gerald G. Harbick, who died in Rome one year ago.)

What star has faded from our sky? What hopes unfolded, but to die? What dreams so fondly pondered o'er, Forever lost the hues life gave? How like a knell, sad and slow, Tolls through the soul one year ago.

Where is the flower that grows in grief? The form that graced the festive seat, The gentle smile the winning way, That blessed our path day by day? Where fled these accents, soft and low, That thrilled our hearts one year ago?

Oh! 'twere the breeze that sighs, The smile that worn no longer there, From door and hall, from porch and lawn, The echo of the voice is gone, How much we miss one year ago.

Beside his grave no mounds white, Keen silent guard by day and night, Keen sleep, nor heads the tread Of footsteps, for his loved bed, His pulseless breast no more may know The pulse of life one year ago.

But why repeat a few more years, A few more broken sighs and tears, And we, who walked with the dead, Shall follow where his steps have led To that far world rejoicing so, To which he passed one year ago.

Attention—Farmers

This is a splendid chance for farmers to get their harvesting and haying machines, or any other machine, in good condition for the year. Look each one over and see what that may need replacement. A little work and time and then a thorough examination of the machine. The repair problem can be much simplified if we have always tried to meet promptly and in a way that will aid in very much in making our work easier.

A list of your possible requirements will show up our stock of repairs to see that your machine need is missing.

We want to cut to a minimum the time and need of a repair part and its supply. This we do by giving us this list before or during our Inspection Week, March 3-5.

Pianos and Player Pianos

Never in the World's History has music been so acceptable as it has been in the Army and Navy.

On the battlefield; in the front line trenches, in the various organizations' huts; in the hospitals; inspiring the charge, making possible the forced march, MUSIC has been indispensable.

On this side of the water, Music's service has been even more vital if less spectacular. It united a nation made of many nationalities. It inspired patriotism when argument failed. It aroused a determination to accomplish its object.

It was invaluable in raising the money for Liberty Loans and War Work campaigns. It generated the spirit of Sacrifice it gave us Courage; it relieved Anxiety; it provided Diversion. The evidence is plentiful that MUSIC has materially helped to win the War.

MUSIC is indispensable in celebrating OUR GLORIOUS VICTORY as it proved to be in WINNING IT.

The wonder of MUSIC lies in the fact that it gives a Fuller and Deeper Expression to every human emotion and Harmonizes with Every Occasion.

WORSE THIS SPRING

Owing to Run-down Condition Caused by the War.

Anxiety and worry have a bad effect on the nervous system, and of course the bodily functions, especially digestion and excretion. Who escaped them during the war? They have made nervousness, paleness, lack of vitality worse this Spring.

The very best medicine to take now is Peppin. It strengthens and tones the nerves. It gives a good color to the lips and cheeks. It is the great vitalizer, giving healthy activity to all the vital organs.

This good medicine, which is a real food tonic, makes the blood rich in red corpuscles, an abundance of which is indispensable to perfect health. It promptly relieves mental and physical exhaustion, creates an appetite and promotes sweet, refreshing sleep. Peppin is in the form of chocolate-coated tablets, and is pleasant to take.
